

# Green Use-Business

Due to falling prices in the commodities market, we can no longer offer free material processing to commercial enterprises.

Ecology Action asks businesses to support the service through our Green Use Program.

## Option #1: Tipping Fee

Type of Program: Pay for what you use

Best for: Businesses with a light to moderate volume of materials, or those who may visit the center sporadically.

### Pay-as-you-go Option

Tipping Fee: \$5 per Barrel/Load

1. When you bring your material to the center, please find a staff member before unloading.
2. We will assess your volume, and give you a total based on \$5 per 55 gallon barrel.
3. You may pay with cash, check, or credit card.
4. We will provide a receipt and you may unload your material.

### Pay in Advance Option

Avoid the hassle and save money by purchasing a Pre-Paid Tipping Fee Card:

10 barrels of material: \$40

20 barrels of material: \$80

Instead of paying each time you come, just show the card to a staff member before unloading.

## Option #2: Green Use Program

Type of Program: Flat Fee for unlimited use

Best for: Businesses with a steady and significant volume of materials.

### Unlimited Monthly

Unlimited Use Monthly Fee: \$50

1. You will receive a "frequent hauler" card which you must show to staff when bringing materials.
2. Each month must be paid for prior to or during your first drop-off of the month.
3. Staff will punch your card indicating how many months you have paid through.

### Unlimited Yearly

Unlimited Use Yearly Fee: \$500

You will receive a "one year member" card that you must show staff when dropping off material.

Records of your Green-Use status will be available, should you forget or misplace your card.

Questions? Visit during open hours or give us a call!

My company would like to sign up for the following Green Use option:

Unlimited Yearly (\$500)  Unlimited Quarterly (\$135)  Unlimited Monthly (\$50)  Pre-paid Tips card (\$40)
